Recognizing that students expected to graduate in the class of 2021 have faced more challenges in accessing graduation assessment requirements than those in previous graduating classes, the Executive Order waives the statutory graduation assessment requirement pursuant to N.J.S.A. 18A:7C-1 et seq. for any 12<sup>th</sup> grade student who has not yet satisfied the assessment requirement. **13. Recommendations of the Superintendent of Schools**

*(at this time the Board will take formal action on the following items – see attachments)*

Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases a unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate board committee. The members of the board committee work with administration and the Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then, is it placed on the agenda for action at a public meeting.
