

THE NEW CAMPBELL

Campbell in Motion

Progress. People. Purpose

**A great place to learn and
a great place to BELONG!**

STEM: From a Room to a Program

Campbell in Motion

Progress. People. Purpose

Construction → instruction

A program, not just a room.

Science every day

*Our students receive science instruction every day. 20 MINUTES, A FEW DAYS/WEEK NATIONALLY → SCIENCE EVERY DAY AT CAMPBELL

Dedicated STEM lab teacher

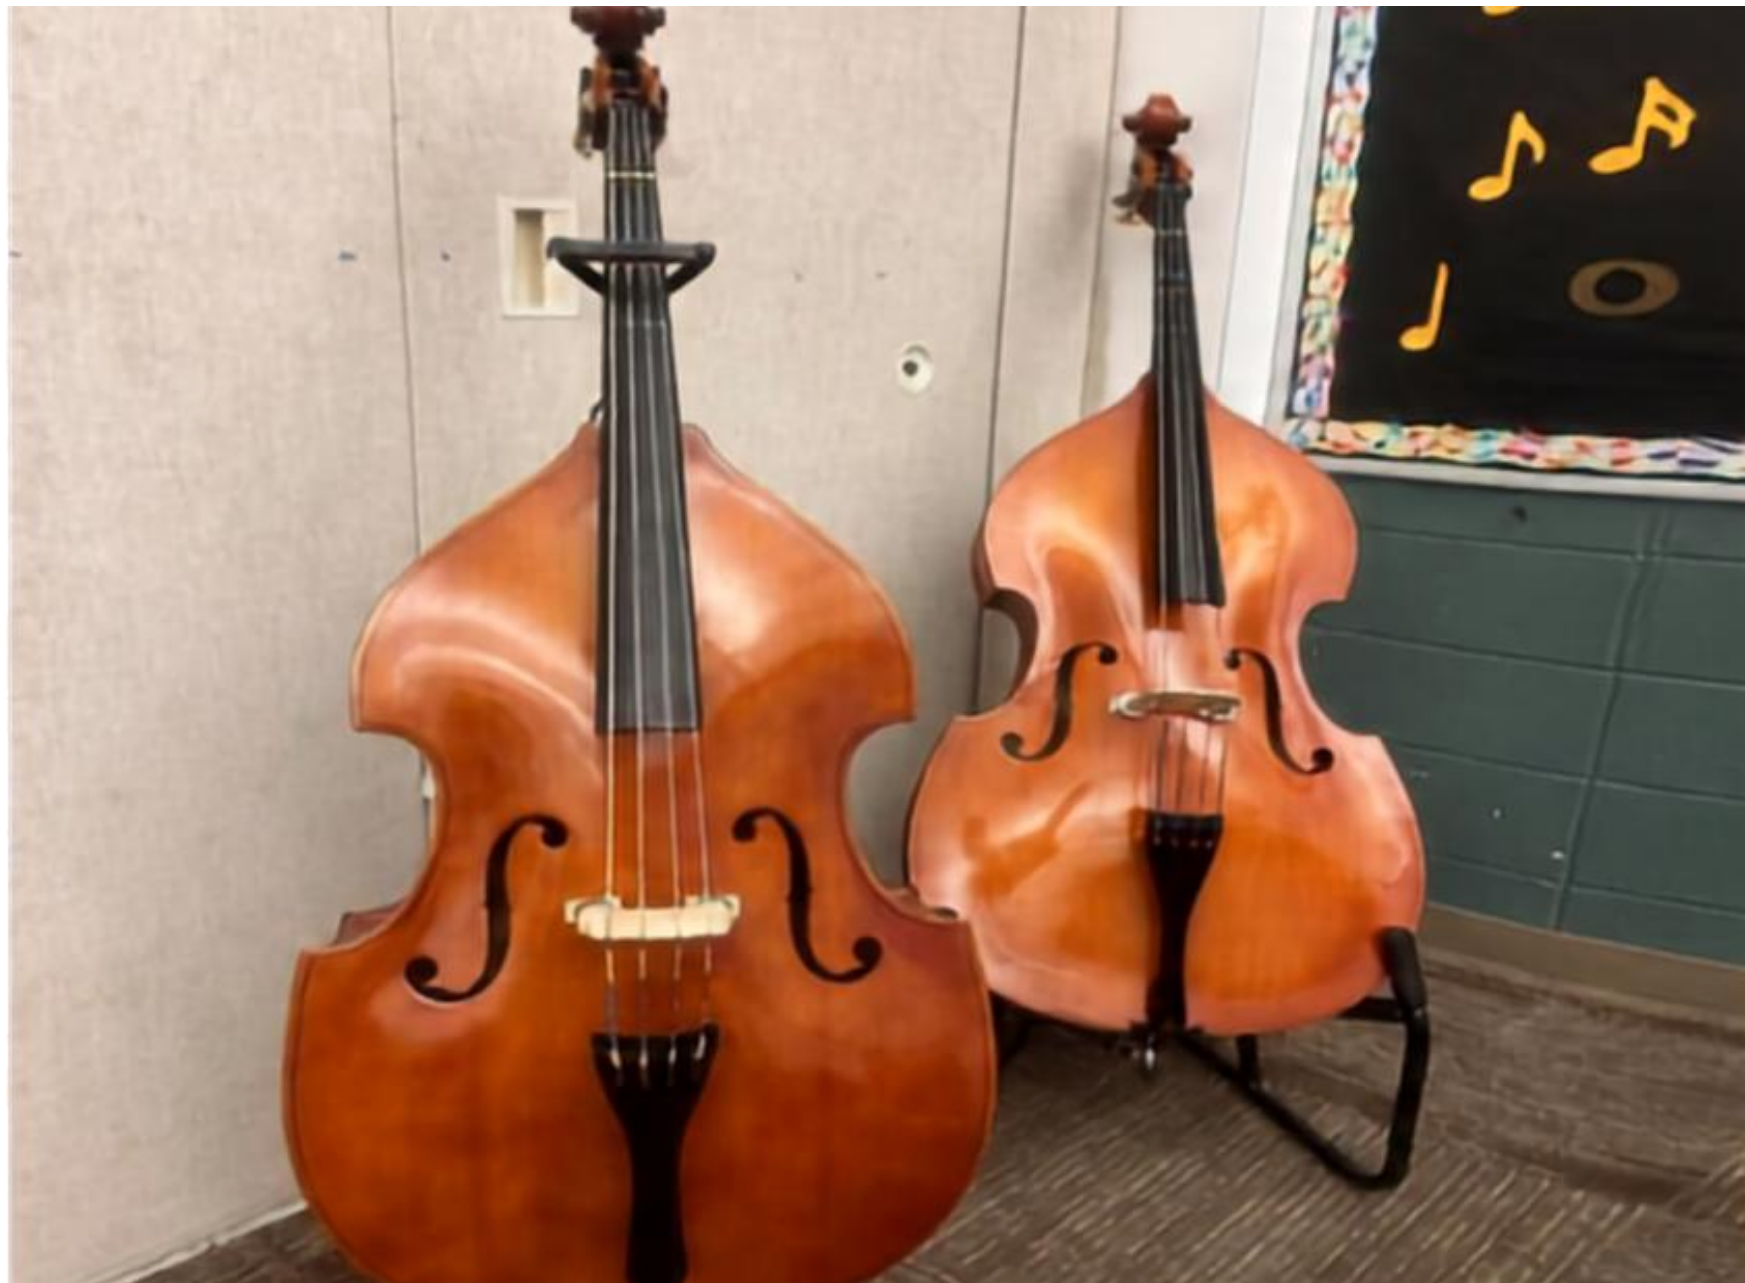

We built a program that changes the learning experience, not just the learning environment.

Specialists Have a Home

Campbell in Motion

Progress. People. Purpose

Dedicated classrooms

Specialists can teach in spaces designed around their disciplines.

A destination for learning

Students move into environments that signal: this learning matters.

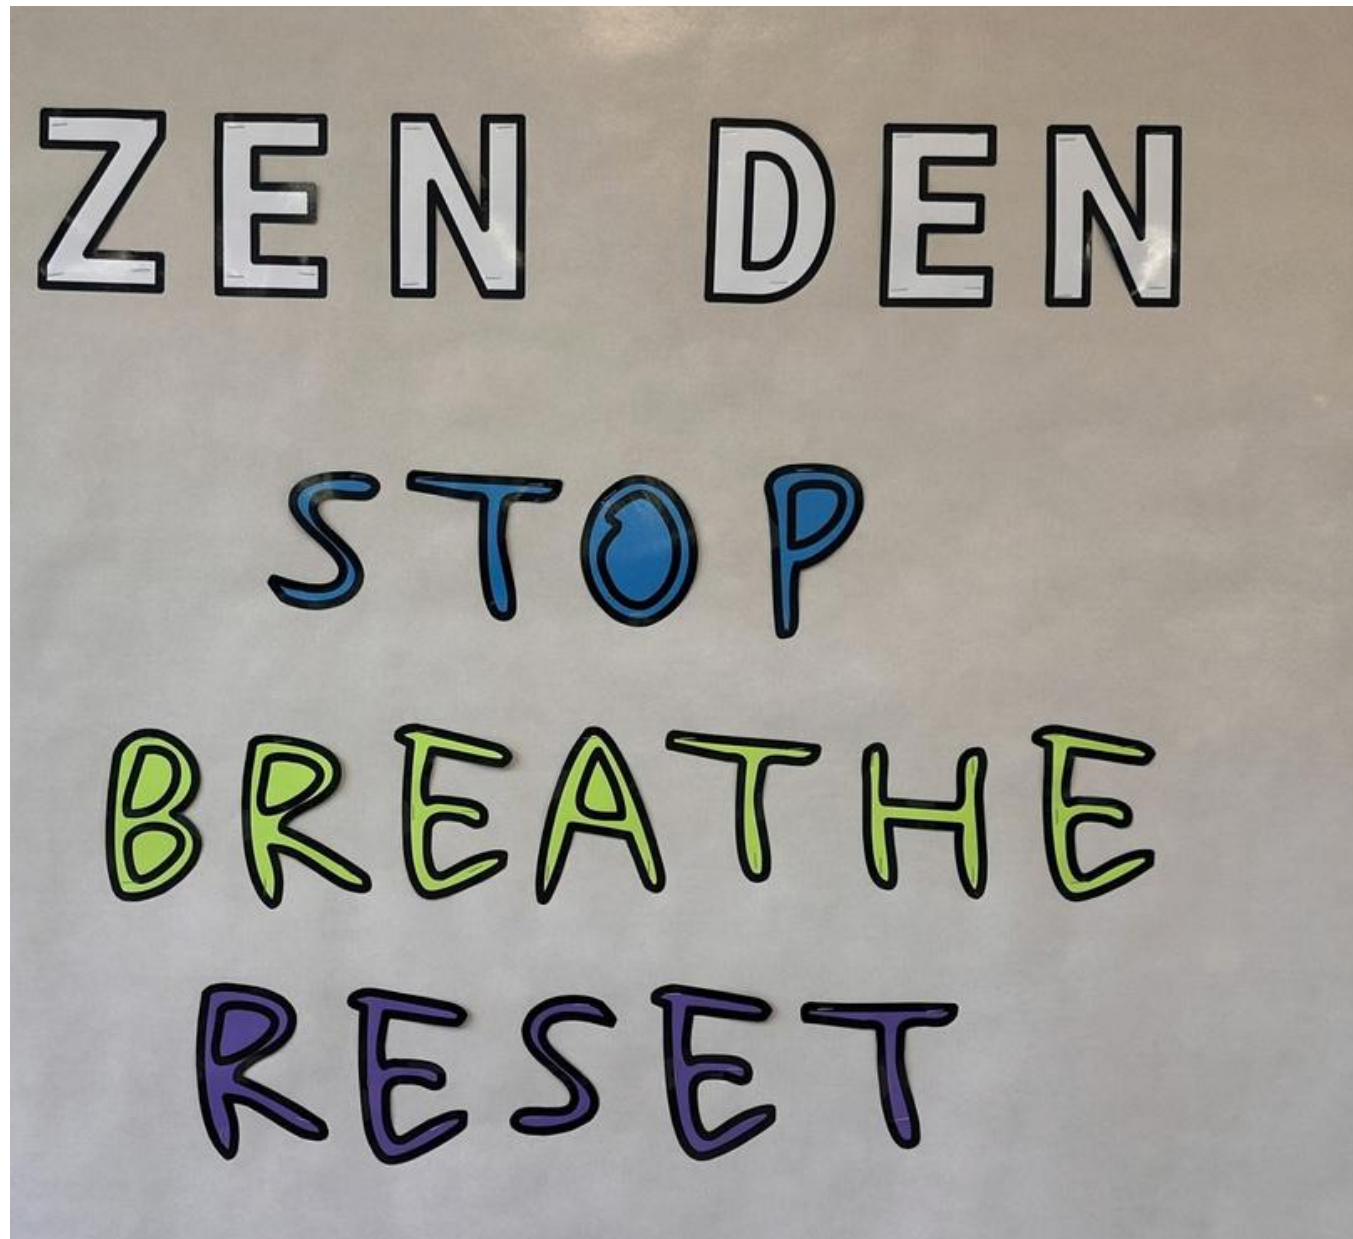

Better experiences

Teachers spend less time adapting borrowed spaces and more time creating rich instruction.

A Place to Reset & Return

Campbell in Motion

Progress . People . Purpose

THE ZEN DEN

A dedicated, comfortable space where students can:

- regulate
- reset
- reconnect
- return to learning ready

Wellness supports readiness to learn.

Room to Move, Play, and Connect

A dedicated, welcoming cafeteria gives students space to eat, connect, and gather as a community, while also creating a place to host the wider community.

Because lunch has its own space, the gym can be used for indoor recess during inclement weather, giving children room to move, play, and reset instead of staying in classrooms.

Improved outdoor spaces extend opportunities for movement, play, connection, and being together.

These facility improvements create a healthier, more flexible school-day experience.

What the New Campbell Makes Possible

Campbell in Motion

Progress . People . Purpose

**DAILY
SCIENCE**
Science as part of
every student's day

**DEDICATED
SPACES**
Learning environments
with purpose

**SPECIALIZED
INSTRUCTION**
Teachers equipped to
do their best work

**HANDS-ON
STEM**
Investigation, design
& problem-solving

**BELONGING +
WELLNESS**
Space to regulate,
reset & reconnect

The construction changed our building. Our teachers and students are turning those spaces into high-quality experiences.

Thank You

A great place to learn and a great place to BELONG!
